

ENTRY REQUIREMENTS FOR PARKING INDUSTRY AWARDS

Please read the terms and conditions carefully prior to entering your submission.

1. Payment

It's important that you complete the awards submission payment **PRIOR** to completing your online entry. We will not be able to consider your submission without full payment.

Per nomination/Category:

- Parking Australia members \$200 plus GST
- Non-Parking Australia members \$400 plus GST

Payment can be remitted by Visa, Mastercard or EFT/PayPal.

2. Uploads to support your submission

You should provide at least 10 images, with a maximum of fifteen high resolution images (1920 x 1080 px), in JPG or PNG format. A video or audio file, showing the strengths of your submission, is also a compulsory requirement for 2022. The images and video will also be used to showcase your submission at the awards presentation event.

3. Judges

Your work will be judged by a panel of industry leaders, who are experts in their particular field. Judges' feedback will be provided to you following the Awards, to assist in business development and continuous improvement.

4. Your own work

The online submission process ensures consistency and fairness in delivery of your work/project. It will also facilitate a transparent and professional judging process. All of the entries submitted must be prepared by the representative organisation nominating. Creative agencies should not be engaged to be involved in the preparation of the submission and the entry should be original in concept. You may use the services of a creative agency to produce your video, if you wish to do so.

5. More than one category

You may enter as many categories as you like. However, the same project may not be entered twice in different categories. To succeed in the category of Parking Organisation of the Year, you must enter and be a finalist in another award category.

6. Promotion

The nomination and contents remain the property of Parking Australia and we reserve the right to publish results and winner details via our various communication channels (website, newsletters, social media).
